

KAISER BOARDS THE KEARSAGE

Returns Visit of Admiral Cotton with Due Regard to All the Formality.

INSPECTS VESSEL

Many Small Crafts Are in the Harbor for the Great Naval Display.

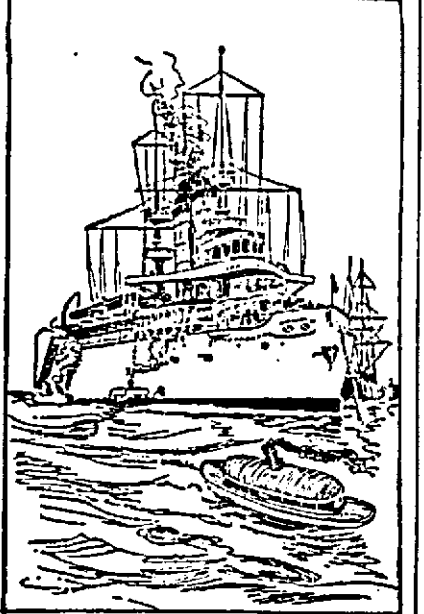

(Special By Scripps-Mellae.) Kiel, June 25.—Emperor William this morning returned the visit paid him yesterday by Admiral Cotton, and the other American naval officers now on duty with the squadron stationed in the harbor at his invitation. It was a signal compliment for the Kaiser to visit the fleet and a tribute to the American government.

Impressive Scene
The visit was most impressive in all its form. The yard arms of the Kearsage, the flagship of the squadron, was manned by the sailors as

BEAR ADMIRAL CHARLES S. COTTON.
His Majesty stepped on board he was greeted by the salutes of the guns of the entire fleet and those of the Kearsage. Drums and bugles sounded and at the gang plank stood the Admiral surrounded by his officers in full dress uniform.

Taken Over Vessel
Admiral Cotton then escorted the Kaiser over the entire vessel showing him all the departments. His

KEARSAGE AT ANCHOR.
Majesty showed an intimate knowledge of American naval matters and asked many questions regarding the work of the men and management of the vessel.

Harbor Crowded
Among the visiting vessels here, are Cornelius Vanderbilt's yacht, North Star; Golet's Nama, and the Emperor's American built yacht, Meteor III. At the Cuxhaven regatta yesterday Meteor won the race against the Kaiser's Iduna, and Herr Guillaume's Clara. In another race between the emperor's Comet, (formerly Meteor II) and Navahoe, the latter won.

During the week, a smoker will be held aboard the Kearsage, in honor of the sailors of the German fleet, at which the permanent troupe of minstrels aboard the cruiser Chicago will give an entertainment.

The weather is all that could be desired. The harbor is crowded with warships, yachts and excursion steamers. Twenty-two German war ships are now anchored here.

Vessel All Right
After the inspection of the Kearsage the emperor sent a message to President Roosevelt announcing that he found the vessel in highly efficient condition for any emergency.

IDA BARBER MARRIES SON OF JUSTICE DAY

Mrs. McKinley Duplicates Late President's Gift of Silver Service for Her Niece.

Canton, O., June 25.—At 7 o'clock Wednesday evening Miss Ida Barber, daughter of Mr. and Mrs. M. C. Barber, and niece of Mrs. McKinley, became the wife of Luther, second son of Supreme Court Justice William R. Day. The ceremony was performed by Rev. O. B. Milligan, pastor of the First Presbyterian church, in the presence of several hundred guests. The bride was attended by her sister, Miss Kate Barber, and the groom by his brother Stephen.

When the first niece of the McKinnleys was married the late president said that all should have the same bridal presents when their time came and ordered for Mabel McKinley, now Mrs. Dr. Baer, a massive silver service. That was duplicated by Mrs. McKinley for Miss Mary Barber last fall and again for the present bride. There was a wealth of other presents, including a set of china and gold coffee cups from Senator and Mrs. Hanna.

NEGROES OF NORTH MAY JOIN FORCES

La Crosse Colored Justice Predicts His Race Will Take Action Against Lynching.

La Crosse, Wis., June 25.—Judge J. C. Perkins of La Crosse, the only colored justice of the peace in the northwest, has predicted that a race war will follow the lynchings which are going on throughout the country. Judge Perkins' statement was very vehement, and he called attention to the criticism of the press upon Russian and Chinese outrages, which he calls insignificant in comparison with the blot upon the American flag. Judge Perkins is arranging to call an indignation meeting of the colored residents of La Crosse.

He declares that the first uprising of negroes will be in the north, and not in the south, this because of the education of the northern colored people.

SPARKS FROM THE WIRES

A Milwaukee official has said that illiteracy and lack of property should not bar emigrants from this country.

A tornado has swept over Iowa, demolishing buildings and destroying other property, but no lives were lost.

The Illinois Typographical union that is in convention at Alton has elected B. S. Chambers as president and declares for municipal ownership.

Iowa democrats in convention have refused to endorse the silver platform as framed by W. J. Bryan and his followers at Kansas City three years ago.

Chairman Osgood of the Colorado Coal and Iron company has resigned. Rockefeller-Gould interests control the corporation.

Unofficial returns from the recent German elections show that the socialists made an increase of 43 percent over the elections of 1898.

Russia has been blamed by Chinese officials for their refusal to provide open ports at Mukden and Taku in the pending commercial treaty; Russia has disclaimed designs on Manchuria to Washington officials.

President Hadley of Yale in his annual report criticized the luxurious dormitories outside of the university as a danger to college life, in fostering irresponsible talk and acts.

Jeremiah Sullivan, Creston, has been nominated for governor by the Iowa democratic state convention at Des Moines and the Kansas City platform was defeated.

The Irish land bill is out of danger from defeat in the British house of commons; the amendment offered by Secretary Wyndham removed the minimum price objections.

A Cary (Ill.) bank has been robbed of \$3,500 by supposed Chicago safe blowers at 2 a. m. yesterday. The citizens were aroused by the explosion and a posse was organized. The track was followed by bloodhounds to Fox river.

YALE WINS BIG RACE FROM THE HARVARD CREWS TODAY

Won the Varsity Race by Three Lengths and the Others by Large Margins.

(Special By Scripps-Mellae.) Gales Ferry, June 25.—Yale varsity boat crews this afternoon. The varsity, the four-oared and the freshmen wearers of the blue scored a decided victory over the crimson. The largest crowd ever before at a race was in attendance. Yale won the big race by three clear lengths having rowed a sea-saw race through-out.

RUSSIA MERELY WANTS TO HAVE TREATY RIGHTS NOW

Latest Move in the Manchurian Puzzle Is That China Is to Retain Sovereignty Over Province.

(Special By Scripps-Mellae.) London, June 25.—In the house of commons today the secretary of foreign affairs made the statement that the British Charge d'Affaires at Peking had cabled that the Chinese government had informed him that Russia merely wanted to have treaty rights assured and that the sovereignty of Manchuria was to remain with China.

TOPEKA HAS MORE FLOODS

A Cloud Burst Caused Creek To Rise Three Feet During Last Night.

MANY HOME LESS

Fifty Families Are Forced To Leave Their Homes, Because of Rising Water.

(Special By Scripps-Mellae.) Topeka, June 25.—A cloudburst caused the Shanganunga creek to leave the banks at one this morning and fourteen acres of South Topeka were flooded to the depth of six inches to three feet in a few moments. Intense excitement prevails throughout the whole city as it is feared that the river will rise to the same depth of the flood of a few weeks ago. Persons were driven from their homes in their night clothes.

Fifty Families
In all fifty families were driven from their houses and forced to take refuge on higher ground. No lives were lost and the river is now going down very slowly. All danger is thought to be over.

WISCONSIN FARMS LAUDED TO SKIES

German Farmers Think Badger State Has Remarkably Fertile Soil.

New York, June 25.—The forty-five German farmers who have traveled over 10,000 miles since May 1, inspecting American farms, gave a farewell dinner last night at the Hotel Belvedere to John M. Schutte, who accompanied them as the representative of the department of agriculture.

After looking over the best the nation had to offer in the way of farming, the general opinion of the travelers is that Wisconsin and Minnesota have the finest farms in the land, but that California is the most beautiful and promising state in the union. Mr. Schutte said:

"The farms of Minnesota and Wisconsin attracted great attention and admiration, not only on account of their fertility, but the thrifty manner in which they are worked. But the beautiful land of California sent us all in raptures. Surely the Creator has done more for that beautiful land of sunshine, fruit and flowers than any other land on earth."

"The trip is sure to be of great benefit to the nation. The reports to be made by the visitors when they return to Germany will reach thousands of the best classes who are eager to settle in the United States."

UNFAIR TACTICS WON THE MATCH

British Run in "A Ringer" And Philadelphia Cricketers Are Beaten.

London, June 25.—The Philadelphia cricketers who are touring this country are indignant at what appears to be a bit of sharp practice on the part of the Marylebone Cricket club, by whom they were defeated at Lords yesterday. The English club put in Mead, Trill, and Hearne, three of the best professional bowlers in England, though it was understood the eleven were to be composed of amateurs only.

JANESVILLE MAN BURIED AT HOME

Major Pond, Formerly of the Bower City, Interred in Jersey City.

New York, June 25.—Funeral services over the body of Maj. James B. Pond were held at his late residence in Jersey City last night. The Rev. Newell Dwight Hillis, pastor of Plymouth church, Brooklyn, officiated, assisted by the Rev. Charles Herr, D. D., pastor of the First Presbyterian church, Jersey City, which Maj. Pond frequently attended. At the conclusion of the services Lafayette post, G. A. R., of New York, of which the major was a member, held the regular G. A. R. services. Interment was in Woodlawn cemetery this morning.

THREE TRAMPS KILLED IN A MONON ROAD WRECK TODAY

Train Was Ditched Near Lafayette, Indiana, at Three This Morning.

(Special By Scripps-Mellae.) Lafayette, Ind., June 25.—A south-bound freight on the Monon route was ditched near Ashgild at three this morning. Three tramps who were stealing a ride, were killed and their bodies buried under the cars.

PETITION TO BE SENT THE CZAR

President Roosevelt Makes Decision to Forward Petition to the Russian Ruler.

MANY SIGNATURES

Influential Men All Over the Country Will Be Asked to Sign Petition.

(Special By Scripps-Mellae.) Washington, June 25.—After mature consideration President Roosevelt has decided to transmit the Russian government the petition presented to him by the executive council of the B' Nal B'ith regarding the treatment of the Jews.

Second Thought
At first the President had decided not to send the petition fearing the Russian government would resent the action, but the first conclusion has been reconsidered and the petition will be forwarded at once.

Many Signers
The petition will be signed not only by the council but also by many prominent citizens of the whole country outside of national office holders and will represent the United States, as a whole.

SOCIALISTS POLL MANY MORE VOTES

Second Ballot for Seats in German Reichstag to Be Cast Tomorrow.

(Special By Scripps-Mellae.) Berlin, June 25.—The second ballots in the districts where no candidate received a majority of the votes cast June 16 in the recent elections for the reichstag will occur tomorrow, and the interest is fully as keen as on voting day. At the elections 51 socialists were elected, centrists, 80; conservatives and free conservatives, 37; national liberals, 5; Poles, 14; Alsatians, 8; Danes, 1 and anti-Semites, 1, a total of 126 out of 376, thus leaving 251 seats to be voted for tomorrow.

In all districts the social democrats polled a greater number of votes than ever before, and of the 122 seats for which socialists were candidates, at the second balloting it is expected they will succeed in electing the greater number. The cause of the socialists has been helped by the fact that many socialist workmen absented themselves from their work on election day and joined in a celebration on the following day, with the result that they were dismissed. This caused a number of working men to flock to the support of the socialists.

RUSSIAN FLEET IS READY FOR FIGHT

Commanders of Black Sea Squadron Told To Be Prepared for Immediate Trouble.

London, June 25.—It is believed that the fast cruiser section of the Russian volunteer fleet which is lying idle at Sebastopol and Odessa is being held in the Black sea for military exigencies, says the Odessa correspondent of the Times. He adds that it is reported that an intimation was given June 20 to the commanders of these vessels that there is a possibility of their being requisitioned to fly the naval flag before the present year is out.

KILLS OPPOSITION BY LATEST MOVE

Count Hodervay Is Now More Likely To Succeed in Forming New Cabinet.

Budapest, June 25.—Count Hodervay, the ban of Croatia, has made so much progress in his mission of conciliating the opposition here that he will probably now succeed in forming a new cabinet. He informed the Kossuth members of the diet today that he had abandoned the proposed increase of the number of Hungarian recruits for the imperial army and would be content with the usual number of men. This removed one of the main subjects of the dispute.

BLAZE IN FOURTH WARD

Afternoon Fire Produced Small Conflagration and Crowd of Boys.

President Roosevelt's theories of race propagation are being energetically carried out in the Fourth ward if the crowd assembled at a Fourth ward fire this afternoon may be taken as an index. A solid mass of youngsters radiated half a block in every direction from the house, which is owned by Mrs. Patrick Collins, but is now occupied by Mrs. Ada Johnson and W. H. Deller and family. There was more commotion than blaze.

ASK EXTRA SESSION OF THE LEGISLATURE

Southern Illinois Citizens Request Acting Governor Northcott to Call Lawmakers to Capitol.

Nashville, Ill., June 25.—If Acting Governor Northcott complies with the wishes of the state and municipal representatives of East St. Louis and adjacent territory he will call a special session of the legislature.

The senators and representatives of the Forty-fourth, Forty-seventh and Forty-ninth senatorial districts met in East St. Louis and appointed a committee to wait on Acting Governor Northcott and make this request on him. The meeting was called at the instance of Representative Trautmann and Mayor Silas Cook of East St. Louis and was for the purpose of deciding upon what would be the most feasible plans to protect the cities and country of the American bottoms from a repetition of the floods of several weeks ago.

It was decided that the only method by which this could be accomplished would be the construction of a levee from Alton to Chester. This requires legislative authority.

IRISH LAND BILL SAVED BY CHANGES

Secretary Wyndham Makes Concessions Which Are Satisfactory to Irish Tenants.

London, June 25.—George Wyndham, secretary for Ireland, met the opposition of the Irish members of the house of commons to his land bill yesterday afternoon introducing a new clause providing that in some cases of the sale of land the commissioner, subject to the limitations of other clauses of the bill, may advance the whole or part of the purchase money, provided satisfactory security is given.

John Richmond, the nationalist leader, commenting on the new clause, said this concession had saved the bill.

Following this the bill was taken up clause by clause and after some little discussions clauses 2 and 3 were passed. These clauses relate to the sale of land by present holders under a fixed scale and based on a judicial rent.

STATE NOTES

The village of Oconto Falls has voted to incorporate by a vote of 98 to 71.

Marquette laboring men may take a half holiday to hear Samuel Gompers at the Chautauque in August.

A horse owned by Ernest Smith, a La Crosse farmer, has died from the effects of a rattlesnake's bite.

The formal consolidation of the Marinette and Menominee street railway lines will be effected in Marinette today.

Anton Nelson, a Dane county farmer, fined for selling impure milk, said his cows had been drinking too much water.

Harvey Mosher, aged 16 years, accidentally shot Tom Morrissey, aged 12, at Chippewa Falls, inflicting a fatal wound.

The village board of Hartland has passed an ordinance limiting the speed of automobiles and motor cycles to six miles per hour.

The tipping of a seat in a wagon which he was driving caused the instant death of John Martinek at La Crosse. Mr. Martinek fell out, breaking his neck.

The annual reunion and picnic of the old settlers of Fond du Lac and Green counties will take place on the Spring Grove shore of Green Lake, Saturday, June 27.

Deputy Game Warden Henry Grass, who has been doing clerical work in the state game warden's office, at Madison, for the last year, has resigned to practice law at Sturgeon Bay.

The Epworth league convention closed at Hudson with a sermon by the Rev. Dr. Givler of St. Paul. The league meets next year at Augusta.

Ed. Wallace of Prescott was elected president and John Foster of Knapp secretary.

On Thursday the stockholders of each of the three companies—Marquette Gas and Electric Light and Street Railway, Menominee Gas company, and Menominee Street Railway company—will meet at Marinette to ratify the action of the directors in consolidation, forming the Menominee and Marinette Power and Traction company, with a capital of \$500,000.

RESULTS OF BASEBALL GAMES

RALLY ON THE CHANGE TODAY

The Chicago Wheat Market Takes a Jump Over Yesterday's Closing Prices.

FIGHTING ARMOUR

The St. Louis Blind Ring Is Making Itself Felt, and Prices Go Up Accordingly.

(Special By Scripps-Mellae.) Chicago, Illinois, June 25.—There is evidently a big battle on between the blind St. Louis pool of which Thomas Cleave is leader and the Armour forces. The fight began yesterday, but was renewed today with doubled fury. Old July jumped from 79 3/4 last night's closing price to 82 1/4 and September from 77 2/8 to 79 1/4 at the jump off.

Other Prices Go Up
New July and new September went up in proportion and the reports on the floor of the exchange is that Armour is being badly squeezed despite the fact that his agents deny the report and say that he is as sound as when the fight began yesterday morning. A break is looked for with the next twenty-four hours.

Causes Assigned
Several causes have been assigned to the rapid rise. One authority states the following reasons:

Wheat in the outside markets was up almost as much. Dry weather talk in the northwest was the influence, and almost put, out of mind, the bullish advices from the southwest in regard to poor harvesting returns. The effective news was from North Dakota. Messages said the rich Red River Valley had been without general rains for over four weeks; that the fields were hard and dry; that the prospect of a bumper crop had been lost, and that a fortnight more of dry weather would mean a disaster, instead of a great yield indicated up to a short time ago. The complaints came from good sources. There was a buying rush from the Northwest at the outset of the market. The denials of the seriousness of the situation were not very emphatic. The excitement over the spring wheat news was supplemented by continued unfavorable harvest advices from the southwest. St. Louis continued to advise that the thrashers were finding only one-quarter to one-half a crop through the territory tributary to that market.

FRIAR LANDS ARE PUZZLE TO ALL

Claim Is Now Made for the Rental of Them While the Troops Occupied Them.

Washington, D. C., June 25.—Another complication affecting the negotiations between Governor Taft and Archbishop Gudi in Manila for a settlement of the friar land problem in the Philippines has arisen. The British Manila States company has filed a claim with the war department for the payment of \$38,000 rental for the use by the American troops of friar buildings in Imus, in the province of Cavite, during the insurrection.

The claim was originally filed in Manila, but the several boards that investigated the matter in the Philippines were unable to arrive at any definite conclusion.

A feature of the negotiations between Governor Taft and Archbishop Gudi has been the offer of the Philippine government to adjudicate all claims of the friars for the use of their property by the troops.

The Vatican urged upon Governor Taft that as the friars had sold some of their property to syndicates the church could have nothing to do with the negotiations looking to the purchase of the Philippine government of such property. Governor Taft replied that the records showed that the friars had retained a controlling interest in the property.

TRI-CITY UNIONS MEET AT BELOIT

Trades Council Rejects Plans for a Local Celebration to Return Visit.

Surprise was general when it was announced the Trades Council last evening overruled the plans for a local Labor day celebration. Merchants had contributed generously toward the street celebration which had been outlined and expenses could easily have been covered, although it is not probable that the unions would have made any great profit financially.

The action of the Trades Council is explained by the fact that four years ago Beloit joined with Janesville in a similar celebration, and the return visit was due. Besides that Beloit unions are in a critical condition by reason of the general uneasiness which the strike has caused, and some such neighborly action on the part of the Janesville unions is only proper.

WISCONSIN WEATHER FORECAST

Partly cloudy, probable showers tonight and Friday.

THE POSTAL FRAUDS

From the investigations now in progress it appears that the postal service is honey-combed with fraud and deceit. The local office at Washington seems to have been a dumping ground where all sorts of hangers on have found a refuge. The authority of the postmaster has been ignored by higher powers, and civil service protected proteges have found but little trouble in being taken care of.

It is doubtless true that it requires men of experience to weigh the mails, and it also seems to be true that the weighers profited by long experience. The purchasing agent of any corporation, is usually a trusted employee, but he is never turned loose to roam through the markets at his own sweet will, and he is always accountable to somebody.

The government buyers wear a civil service tag, and this is a passport to anything this side of Heaven. He can form a partnership and charge two prices, paint mail boxes, at 90 cents per, with 200 per cent profit, and it's nobody's business because he has passed a civil service examination, and is therefore a saint.

The congressman from his district has no interest in him, because he is in no way responsible for him. There is no business outside the government that recognizes the civil service farce in dealing with employees. It would not be possible in any other line of business to carry on a systematic system of stealing for a number of years.

The system invites fraud and neglect, because it gives to the individual employee, more latitude than is granted in any other business.

The ordinary postal clerk, on a salary of ten or twelve dollars a week, may annoy the public to the limit of endurance, with no fear of results, because the postmaster is deprived of authority. He is deprived of the right to discharge and the protected force about him are fully conversant of the fact.

When the government adopts business in dealing with its employees, the service will be infinitely improved and the standard of honesty elevated in proportion.

THE NERVE

The New Orleans Times Democrat has the effrontery to say, in reference to the recent discoveries of corruption in the post office department that "Mr. Roosevelt occupies precisely the position in which Gen. Grant found himself from 1868 to 1876." In point of fact the only similarity in their positions lies in the circumstance that each succeeded to the presidency several years after the war. Grant was among civilians, a poor judge of character. He fell a ready victim to men claiming to be his friends, who to line their own pockets deceived him and filled several branches of the government with corruption; which he blinded by his confidence in them, at first refused to see. Roosevelt, on the contrary, reads men "like a book." The corruptions lately found were not among his appointees, but among those of his predecessors. McKinley, Cleveland and Harrison—among men who had been so long in office that they seem to have thought themselves safe from accusation. There has not been a moment's hesitancy on his part in ordering their prosecution, no matter whose "friends" they were. That partisan rancor must be deep indeed which can find in his position any similarity to that of the brave "Old Commander" in the hands of the Philistines.

RAILROADS AGAINST CANAL

There may not be any truth in all the reports which come to the United

States about the efforts of the transcontinental railroads of this country against the Panama canal treaty in Columbia. Probably there is a basis of truth in some of them, however. It is pretty well known that the railroad interests were hostile to the canal project when the bill was before congress. There is good reason to believe that they used considerable influence in the endeavor to delay or defeat the measure.

It is scarcely necessary to say that a few millions of dollars would go a good deal farther in Bogota than in Washington. Columbia's capital sees less cash in any connection than does America's. The proportions of venal persons in and around the national legislature must be intensely larger than in the South American country than it is in ours, for the press is immeasurably more active here than it is there, and the chances of detection are correspondingly greater. Just as effective work can be done in Columbia against the canal as could have been accomplished here. A defeat for ratification in the Colombian congress would kill the canal project, for the bill, just as dead as a defeat for the bill at any stage in the congress at Washington have done.

Therefore, a great deal of interest will be taken in the United States in the meeting of the congress which convenes at Bogota tomorrow. If it be true that agents of Morgan, Hill, Harriman, Gould and the other big railroads magnates are active at that capital, their work will begin to show itself promptly, although their own hands may be invisible. The average Latin-American legislator may be presumed to have a fair degree of respect for the United States cash. The men who control the transcontinental railroads in the United States could afford to spend a great deal of money to bring the defeat of the canal bill. For the next week or two Columbia's capital will be the center of interest not only for the United States but also for the world.

While not stating any opinion on the matter it has been suggested by certain members of the council that the band stand in the Court House park might be dispensed with. It is in bad repair and would cost several hundred dollars to fix. If torn down it would only necessitate the filling in of the old fire well which is beneath its floors and clearing away the rubbish. It is doubtful if the stand is ever used for any good purpose and it is not a thing of beauty. Before the council takes any action on the matter it would like to hear from citizens about the park and find that their opinion on the matter is.

It would seem as though the Third ward needed a little aid from some of its more successful sister wards in the matter of finances. Four cents is not a big margin between itself and starvation although it might buy a second day loaf of bread.

The greatest menace to organized labor is the unreasonable demand of unskilled labor. The hotel strike in Chicago demonstrated the fact that waiters and cooks were more in evidence than farm hands.

Those persons who believe that Grover Cleveland would take the nomination if it is offered to him will never have an opportunity to know whether they were right or not when the time comes.

One bright light in the journalistic world has coiled the following: "It might be foreseen that no other horse could pass the Picket. They didn't have the pass word."

Perhaps Stevenson might make a bold stand upon the burning issues of the Mexican war if nominated. In fact that is about the only issue left for democracy to hope for.

England, France and Germany will not recognize King Peter by diplomatic relations so that the wishes to communicate with them he must do it by wire.

Some of these days Grover can write a confidential letter to some Southern brother and tell him just how his fish line is and it will not be published.

Baseball appears to be rather a strenuous game for the clergy, or at least the Reverend gentleman of La Crosse and Winona found it so.

To ask King Peter to turn around and hit the band that raised him to his present position is asking a little too much of that gentleman.

Out in the flood districts people are moving back onto the old places so as to be on hand for the next move of the heavenly powers.

According to the people of Breathitt county the law has been interfering with their plans considerably of late.

Sir Thomas Lipton is over to have another look at the American cup and then go back and tell how he lost it.

Why not let Uncle Adlai Stevenson alone. He has not been making any trouble for any one.

Curtis Jett can expect to escape

entirely. Old age cannot be brought off by a judge or a sheriff.

If Bryan controls the democratic party in Iowa, what will be the size of the republican majority?

The effort to introduce politics into the tanners strike is too far fetched to command attention.

The citizens of Breathitt county, Kentucky are temperate in everything but the use of fire arms.

Before Justice Earle: The case of A. C. Munger versus James Archib, judgment amounted to \$202. The case of A. C. Munger versus Thos. Hanlon, judgment rendered amounting to \$79.61.

Preached at Appleton: Rev. J. H. Tippett, who preached the sermon at Appleton last Sunday morning before the religious societies of Lawrence university, returned home last evening, stopping at Manitowoc and remaining in the city for a day visiting old friends.

Bachman-Wray At three o'clock this afternoon at the home of the bride's parents, 161 Broad street, Bethlehem, Pennsylvania, occurred the marriage of Gertrude E. Bachman to Doctor William E. Wray, son of Mr. and Mrs. J. G. Wray of this city.

Doctor Wray grew to manhood in this city, graduating from the high school in '93 when he entered the office of Dr. Henry Palmer, studying for one year, when he went to the College of Physicians and Surgeons, from which he graduated in '97. Soon after he was offered and accepted a position at Waupun as physician for the state prison where he remained one year. When the Spanish war broke out he resigned his position and came to Janesville, joining company A of this city as a private. He was soon transferred to the ambulance corps and from there to the hospital where he was rapidly raised to steward of the hospital.

It was here where he first met his wife, she being one of a corps of trained nurses sent from Philadelphia. Since then Doctor Wray has been located in the northern part of this state where he has had a good practice.

After a short wedding trip to Atlantic City the happy couple will come west by the way of Maumee, Ohio, where they will attend the marriage of Miss Jennie Ward to Archie Wray, (Doctor Wray's younger brother) which will be consummated on the 30th of this month. Both couples will then go to South Haven, Michigan, visiting friends there, stopping in Chicago for a short visit on their way to Janesville.

Doctor Wray is located at Minnqua where he conducts a large hospital. It is a beautiful place, situated on an island, on a network of lakes, and is much frequented by tourists during the summer months.

JOHN MYERS IS VERY POSITIVE

SAYS THE MYERS HOUSE WILL BE REMODELED.

CLOSED FOR SIXTY DAYS

Mr. Myers Also States That Col. Garrison Has Signed the Lease for Himself.

According to Mr. John Myers there is no truth in the report that Col. Garrison has not signed the lease for the Myers house. Mr. Myers asserts that the lease is signed by Col. Garrison and that he himself will be here the last of the week to make final arrangements as regards the work to be done. When seen this morning Mr. Myers said:

"Not only is the lease signed by Col. Garrison but I have let the contracts for the work to be done. As you see the painting of the outside has already begun and as soon as Mr. Garrison returns work on the inside will begin."

"Despite close talk the hotel will be closed for sixty days for repairs. This is authentic and you can state it as coming from me. I have charge of the work and have agreed to have it all completed by September 1. This will necessitate the closing of the hotel so that the interior will be thoroughly overhauled and all changes contemplated can be made."

Contracts Awarded
"As has been before stated Hutchinson & Sons have the contract for the painting and Green has the plumbing contract. Cullen will have the woodwork and the placing of the iron frames for the French plate glass windows in the office and a glass firm has the contract for the chaise. As to the new elevator, this contract has not been let yet. A Milwaukee firm and Janesville parties are figuring on the work and I have not yet given it to any one."

Will Be Rushed
"When the inside work is once commenced it will be rushed through to completion. The summer being the dull season for the hotel trade it will not inconvenience the public very much and the hotel will be closed. I expect Col. Garrison back the last of this week. He is in Chicago at present and is waiting for a gentleman who is in New York to return before furnishing all his plans for interior furnishings and returning."

Plenty of Security
"Aside from the gentleman who is to sign the lease with Col. Garrison three other names were offered us to pick from. There is no lack of good security and the public can rest assured that the hotel will be arranged and managed as has been already stated—by Col. Garrison."

No Orange
For the benefit of the general public Mr. Myers also states that the coat of orange paint now being put on is only a priming and that when completed the hotel will be lemon colored with white trimmings. With the new office windows the building will be greatly improved over its present condition."

FLAG EXERCISES WERE REPEATED

Girls Who Took Part In W. R. C. Drill Were Present at Pleasant Birthday Party.

Yesterday afternoon Mrs. B. L. Dunwiddie gave an enjoyable birthday party for her son, Lester. Games and music were enjoyed by twenty-four guests, most of whom were the little girls who took part in the flag day exercises that were held last week in the Y. M. C. A. building. Refreshments were served and a good time was enjoyed by all. Mrs. Dunwiddie was assisted by Mesdames Maud Taylor, Anna Klenow and Jennie Church.

BARABOO LADIES VISIT ORDER HERE

Auxiliary of The Brotherhood of Railway Trainmen Are Entertained Here Today.

About fifteen members of the Baraboo order of the Ladies Auxiliary of the Brotherhood of Railway Trainmen are being royally entertained today by the local order.

This is a return visit to that which members of the local lodge made some months ago. The visiting ladies arrived in the city this morning, and were taken about the city for a trolley ride. This afternoon carriages were provided and other sections of the city visited. In the Trainmen's hall this evening a banquet will be held. Members of the Brotherhood of Railway Trainmen will also be present, and the guests will return to their homes at midnight.

SCARCLIFF MARKET IS SOLD

New Store Will Be Built Adjoining Williams Block.

The last wooden structure remaining on the West Milwaukee street block between River and Franklin streets will soon be a landmark of the past. John Yahn has purchased the Scarcliff meat market and will erect a two-story building.

Alma Sandstrom
The five-year-old daughter of Frank Sandstrom died last evening at the family home, 32 Riverside street, after being ill but a short time. Her father, one brother, Fred, and two sisters, Emma Elsie and Laura, are left to mourn the loss of the little one. The funeral will be from the house, Saturday at 1:30 p. m. The Reverend Mr. Denison will officiate. Interment will be in the town of Center cemetery.

LOST BIG ROLL ON INTERURBAN

C. Doctor, of Rockford, Believed That the Missing Money Was on R. B. and J. Car.

Is it possible that one of the interurban cars, that was on the road yesterday, contains a roll of bills amounting to \$160. C. Doctor, of Rockford, stated that yesterday afternoon some time after he had left the car, after his trip from this city to Rockford, that he had lost that amount of money.

He did not discover the fact until the returning car had nearly reached Janesville, when he telephoned of his loss to this city.

A careful search of the car was made when it reached here, but the money was not found. It is thought that the bills must have either been lost elsewhere or picked up by some one.

After which an ice cream social will take place on lawn about church. An admission of 10c will be charged for entertainment; ice cream and cake, 10c. All are invited.

SEARCH FOR MRS. HAND OF EDGERTON

Daughter-in-Law is in City Looking For Woman Who Left Home On Monday.

Information regarding the present abiding place of Mrs. Hand of Edgerton was earnestly sought today by her daughter-in-law. Mrs. Hand left her home last Monday and is known to have come to this city. Monday she went to the Grand hotel, but did not register. She went to the ladies' parlor and after spending some time in rest departed. Tuesday she was seen at the Park hotel, and yesterday she was seen on the street. Today she could not be found, and inquiries were made of the police in the hope of locating her. Mrs. Hand is seventy-three years of age, and formerly lived in Beloit.

WOOD RELEASED ON BAIL

Pleads Guilty to Taking Castings and Is Allowed to Go.

Instead of being compelled to languish in the county jail for a longer period of time, George Wood was today released, and will return to Fond du Lac, where he was taken into custody by the police a few days ago, and where he will ply his trade as a painter.

This privilege was accorded him by reason of his pleading guilty to the charge of stealing castings from the Janesville Machine company last January. Since that time his record has been good, and there is good reason to believe that he intends to turn over a new leaf.

When Wood entered his plea of guilty this morning Judge Field adjourned a hearing of his case until next September, releasing the prisoner on bail. During the coming three months Wood will be allowed to go where he wishes, but the officers will be informed of his movements.

Oshkosh Northwestern: The sugar trust has caused the announcement that hereafter it will no longer try to control the price of that staple. But somehow, it sounds rather suspicious.

WORK ON POWER HOUSE TO BEGIN

PREPARATIONS BEING MADE FOR ELECTRIC PLANT.

IT WILL HAVE GREAT POWER

Six Turbines Will Provide Force to Operate Dynamos of Electric Company.

One of the old landmarks of Janesville will soon be a thing of the past as the old Ford mill has been dismantled. The last three water wheels are now being taken from their foundations, where, for the last thirty years, they have been industriously turning, grinding countless bushels of rye and other grain. They will turn no more here, however, although they may be used elsewhere for they are still in serviceable shape and have been sold. The turbines now being removed are under the building farthest from the dam. This structure is not to be destroyed but will be remodeled, made fire proof and used by the Art Studio company for stock room. The wheels here are the largest of any that were in the mill, and it is with difficulty that they are pulled out of the beds, as each weighs in the neighborhood of ten tons, so are bulky and unwieldy. Ford's mill was first built in the year 1874 and has been used for many years for rye grinding.

For Electric Use
The site of the old mill has been acquired by the Janesville Electric company and an extensive power plant will be installed.

Immense Water Power

At the south end of the dam two cofferdams will be built and inside, the cement foundations for the new arrangement of the turbines will be laid. This will have dimensions of 40 by 70 feet, over this foundation in the river bed a 14 by 70 foot wheel house is to be erected. In this, the water wheels are to be placed.

There are to be six wheels with 140 horse power per wheel. Next to the wheel house will be put up the building for dynamos, having dimensions of 55 by 80 feet, this room will contain eight dynamos. The company has another power plant down at Monterey and a third at the village of Fulton, on the Catfish river. With these plants it is not expected that it will be necessary to use steam for the lighting plant or the street railway, unless at times when the river is unusually low.

When the new additions are finished, Janesville will be the only river town in southern Wisconsin with a plant of this kind, that draws its power from this source.

THREE COUPLES WED AT ROCKFORD

Illinois Laws Enable Wisconsin People To Get Married Quick, Without Much Formality.

Wedding records were smashed right and left in all sections of the state yesterday. Janesville got in line by sending two couples to Rockford to take advantage of the Illinois "get-married-quick" laws.

Richard Thurman of Evansville took Miss Louisa Nelthorpe of this city where they were speedily married by a minister who stood ready to perform the ceremony.

Andrew Anderson of this city secured a license in the Forest City to be wedded to Mrs. Catherine Roarety of Moline, Ill.

Harry Hanson of this city was married on the previous day to Miss Myrtle Webb of Milton, the ceremony being performed at Rockford by Justice Burton W. Norton.

TWO FINED FOR DRINK

Judge Field Hears Stories of Two Men Arrested for Drunkenness. Herman Juge and Charles Melroy were in the municipal court this morning on a charge of drunkenness. They pleaded guilty and were asked to choose between paying \$5.20 and spending the coming ten days in the county jail. They paid.

In Justice Reeder's Court: The case of Baumann Bros. versus John Aldrich, judgment for \$37.75.

The whole family. It is seldom that every one of the family like the same thing to eat. Grubb's home-made potato bread united the family.

Jelly tarts today at Grubb's. Almond macaroons at Grubb's. Baked ham hot every morning. Potato chips fried almost every day in the year at Grubb's.

Golden wine loaf cakes, 15c. Old fashioned ginger bread 10c. Wine cookies; nothing like them. Bannery tarts only at Grubb's. Sugar cookies can't be beat. Chocolate cup cakes with a reputation.

Sour cream cup cakes, 10c. doz. Angel food cakes are a dream. Devil food cakes, too rich to eat very much of.

Maple cream cakes, chocolate cakes, coconut cakes have that soft looking, flaky-layers that does you good to look at.

FREE !!!

With every 50c purchase Saturday we will give Free a highly artistic photo picture on 16x20 inch colored mat suitable for framing and a credit to any home. Premium tickets will also be given in addition.

ON THE BRIDGE

WILL PLAY FIRST MIXED FOURSOME

Sweepstakes Handicap Match Planned For Coming Tuesday—Second Richardson Round.

The first mixed foursome sweepstakes handicap of the season will be played at the St. Ignace links next Tuesday. This event will follow the second round of the Richardson medal play. Secretary Baker will receive entries for the foursome up to Monday, at which time the handicapping committee will meet. Four pairs will compete in the medal play.

NEWS OF A PERSONAL NATURE

Mrs. Callopy of Milwaukee is visiting Mr. and Mrs. Alexander Helms.

Con MacDonald has returned from a trip to Niagara Falls and other eastern points. His wife accompanied him.

Mrs. Elizabeth Harding of Chicago is visiting at the home of her sister in law, Mrs. L. Coyne.

A mother's meeting under the auspices of the W. C. T. U. was held at the home of Mrs. N. E. Hield, 232 Washington St., yesterday afternoon. A short musical and literary program was rendered after which an informal reception was held and light refreshments were served. There was an unusually large attendance including members of the Beloit W. C. T. U.

W. A. Stevens is in Evansville today to attend the wedding of his sister, Miss Margaret A. Stevens to S. M. Garlich of Beloit. Reverend C. A. Wilson, formerly of Janesville, conducted the ceremony, which was in St. John's Episcopal church.

INTERURBAN CARS DELAYED

Gaught in Wreck and May Not Be Here for the 4th of July Rush.

A couple of the new interurban cars which were expected to be in service in time for the heavy rush of travel expected on the fourth of July were caught in a wreck en route to Rockford with the result that it was necessary to ship them back. At least one of the cars will probably be here.

ELIJAH THE II. TABOOS CIGARS

NO SMOKING AT ZION CITY

JANESVILLE PARTY USE EYES

Visiting Excursionists See a Strange City, with Peculiar Laws and Customs.

"Hi, there," said the policeman to a Janesville excursionist, in the city of Zion, land of the Dowlette. "You will have to throw away that cigar if you stay here."

That remark was made the other day, when the party of a hundred or more citizens from this and other nearby towns spent the day wandering around the village of Zion and wondering whether soda water and other liquid refreshments could not somewhere be found.

The excursionists found the city to have a population of about 8,000, the houses, some of them quite substantial, were placed with much room between, for the city covers nearly three miles.

No Saloons
Three miles of houses without a saloon or a drug store, some of the visitors thought it would be rather hard for the visitors to get acclimated. Swearing is not allowed either. One crowd found a man who volunteered to drive them to a quiet place where they could have a smoke. In leaving the town, the discussion as to who should pay for the rig became rather loud and animated and the attention of the "cop" was attracted and he came after them at a gallop, but on their promise to "get out," the officer became pacified.

One Big Store
There is only one big store and that is run on the plan of the big department emporium. This occupies nearly a block, and is the "business section" of Zion. There are no other shops. The lace factories were interesting to many of the visitors, who were allowed to go through the different departments and see how the work is done, many never having seen the process before.

Good Hotel
The train arrived in this strange town shortly after noon, and the crowd made a rush for the one hotel. This was able to accommodate all, however, as it is about three blocks long and they claim to be able to take care of three thousand people. A good dinner was served for twenty-five cents.

In the morning the sight-seers stopped at Fort Sheridan where there is also much of interest to be seen.

A marriage license was granted Leon D. Chilcott and Alice M. Cousin, both of Beloit.

ARE YOU NEXT ?

People are trading here now who never did before and never expected to. Perhaps its the quality of the goods that appeals to them. Perhaps its the prompt and courteous service. AGRICULTURAL CONDITIONS IN NEW ZEALAND

Valuable Government Aid Is Extended to the Farmer in Many Practical Ways

IN FEW directions do the colonists in Britain's great dependencies display their vigor more conspicuously than in their management of the agricultural interest. In this respect they show an example worthy of being followed by the mother country. The English board of agriculture is composed to a very large extent of very able statisticians, who at short notice will produce figures upon any point capable of being illustrated or dealt with by them. But the New Zealand department is much more practical in character. Its leading features are a special veterinary staff, under a chief veterinary officer and bacteriologist with a large staff of veterinary surgeons, and a special dairy staff and produce commissioner in London. This department exists for the purpose of helping farmers, which it accomplishes in several ways. Instructors are sent out to all the various classes who work on the land, whether they go in for arable cultivation or dairy work, or whether they are fruit growers, horse breeders or sheep owners. Then if anything new turns up, it is printed and distributed among them. More important still, the officers of the department inspect the meat to be exported and the public abattoirs, and they are responsible for that grading of dairy produce which is the envy of other countries. This is what is done at

for the production of lambs for freezing, and this accounts for some of the changes shown in the agricultural statistics of New Zealand. It has been found advisable to grow roots and forage crops, and the cultivation of cereals has decreased. In the latest return that we can obtain, the number of sheep in New Zealand was 20,233,099, the highest total yet reached by the colony, which furnishes conclusive evidence that the demands of the frozen meat trade are exercising a most decided effect upon the agriculture of that colony. But the dairy is a formidable rival of the flock. The climate of New Zealand and the character of the pastures approximate more nearly to what is experienced in England than those of any other English colony. The butter, accordingly, has a very ready sale in Great Britain. The dairying industry is not taken to very kindly by men who have been accustomed to the free and roving life on large sheep runs but, still, it is gradually extending in Canterbury, and no doubt will go on increasing. For the year ending March 31, 1902, the total value of the butter and cheese exported was \$6,500,000. Local experts say that this industry is capable of much greater expansion without increasing the number of milk cattle, but by improving in breeding. The government has imported a certain number of pedigree bulls from Great

A HILLSIDE PASTURE IN NEW ZEALAND.

Britain, and this ought to result in a great improvement of the breed. The government has tried very hard to improve the breeding and rearing of poultry, and this should form a very important auxiliary to the New Zealand farm. The poultry are received in large numbers at government works in Christchurch, where they are sold, packed and frozen for shipment.

The climate is a very excellent one for the production of fruit, and generally speaking, pears, plums, quinces, apricots, figs, walnuts, cherries, gooseberries, currants, strawberries and raspberries do splendidly. Oranges and lemons flourish in the Auckland district. The olive bears heavy crops in North Island, and the manufacture of oil promises to be an important one in time. Vine growing is also developing, and though the grapes in the past have been largely sold for use at the table, an Italian wine expert has given it as his opinion that there are numerous localities suitable for growing vines for the manufacture of wine. Cider making, too, is carried on to a considerable extent, and the drying of fruit has been greatly encouraged by the government. The soil is fertile and the climate humid, and what New Zealand aims at is not competition with the very cheap products of other lands, but to be able to send out goods of a better quality. This, of course, must be done by the small holder, who is assisted in the work of his farm by the various members of his family. For such, very good facilities are offered for settling on the land. At Cheviot, for instance, the fine estate has been cut up into moderate-sized farms, and let to farmers on perpetual lease at a rental representing four per cent. of the purchase money. Mr. Murphy, to whom we are indebted for much of our information on the agriculture of New Zealand, says in regard to this: "Prosperous homes have sprung up all over the settlement, and tree-planting is being carried on by some of the settlers, which is a proof of the stability of the settlement. Indeed, the planting of trees and shrubs is one of the greatest necessities of the colony, and if their Arbor day is not successful, we trust that the government will take this matter in hand and do it thoroughly. For the rest, it is enough to say that probably in no other quarter of the globe would the experience gained in England come in more usefully."

DANIEL CLEVERTON.

"Brassy, the imitation diamond man, has a great name for his solitaires." "What's that?" "He calls them 'engagement rings' for summer girls."—Detroit Free Press.

PROTECTS HIS NEGRO PRISONERS FROM MOB

Sheriff Potter Removes Black Men From Peoria Jail to Discomfiture of Angry Citizens.

Peoria, Ill., June 25.—Had not Sheriff Potter taken John McCray, murderer of Detective William E. Murphy, to Galesburg an angry mob of upwards of 3,000 people doubtless would have hanged him. They swarmed the jail court for six hours, swearing vengeance and making all kinds of threats. Two committees visited the jail building and searched for the prisoner, but could not find him. The mob blessed and hooted when the committees made their report.

The fire department was called out and made an unsuccessful attempt to disperse the mob, which seems determined to get McCray, who is at the Knox county jail, along with four colored prisoners confined in the Peoria jail the sheriff thought might be sacrificed for McCray's deed.

Friends and relatives of Detective Murphy are afraid that they would get McCray, so Sheriff Potter stole away with McCray, going to Pittsboro, four miles distant, where the colored prisoners were placed on the Chicago, Burlington and Quincy train for Galesburg.

Sheriff Potter during the day issued an appeal to the public to be satisfied with an early calling of the court to pass judgment on McCray and begged them to disperse, assuring them the man was not in the jail. They would not believe him.

Judges Worthington, Green and Puterbaugh addressed the crowd, advising them to disperse and again assuring them the man was not in the jail. State's Attorney Tefft promised the crowd that McCray would be brought to quick justice, but the speeches of these men were laughed at. Frank Arnold of the Brotherhood of Locomotive Firemen and Mayor Woodruff urged the people to return to their homes.

Repeated reports of searching committees were jeered at, but toward midnight the authorities threatened to turn the hose on the people and they dispersed.

EDLEY MCCOOL IS NOT GUILTY

Slayer of McNier Is Acquitted on the Ground of Self Defense.

Decatur, Ill., June 25.—The jury in the case of Edley McCool, charged with the murder of William G. McNier, returned a verdict of not guilty. The trial lasted ten days. The defendant was acquitted on the ground of self defense. McCool and McNier and their wives lived in the same house. When McNier went into the house at 10 o'clock a night May 4 he was fatally shot by McCool. The prosecution tried to show that McCool had lain in wait to kill McNier because of the trouble between the two families. McCool, on the stand, said that he and his wife had left the house and he had gone back that night to get some clothing. He was looking for a watch when McNier came in and, thinking McNier was drawing a revolver, McCool shot him. A loaded revolver was found in McNier's pocket.

MIRACULOUS ESCAPE OF CHILD

Little Girl Is Rescued After Being Carried 600 Feet in Sewer.

Pittsburg, Pa., June 25.—Joseph Gladden, while watching the great volume of water pouring out of a sewer that empties into the Monongahela river, was startled by seeing the form of a little girl shoot from the opening. He ran to the spot and rescued the child before she was carried away by the current.

The little one proved to be the six-year-old daughter of William Gabrish. She had been playing along a small, rain-swollen stream that runs into the sewer.

The child was caught by the rush of water and swept into the sewer, through which she was born 600 feet.

After the child recovered from the shock and fright she was found to be unharmed.

FORMER FIREMAN IS ARRESTED

Patrick Buckley of Steator, Ill., Reported Author of Many Fires.

Steator, Ill., June 25.—Police officers arrested Patrick Buckley on the charge of arson. Many incendiary fires have occurred within the past few weeks and the police claim to have absolute evidence of Buckley's guilt. He was formerly a member of the fire department and the arson is presumed to have been due to a spirit of revenge for failure to secure reappointment under the present administration.

Hamlin to Act.

Springfield, Ill., June 25.—Some important action probably will be taken by Attorney General Hamlin within a few days in the Belleville lynching. It is intimated that the attorney general will act in the matter either the latter part of this week or the first of next week.

Turks Seize Village.

Sofia, June 25.—The Turks without cause have seized the village of Sultantipe, which commands the road to Sofia, with four battalions and thirty guns. The Bulgarian government will ask the port for an explanation.

Brings Cholera Victim.

New York, June 25.—The United States supply steamer Glacier has arrived from Manila. She brings the body of Dr. Hessler, an army surgeon, who died of cholera, and the bodies of three United States soldiers.

RICH PLANTER ADMITS GUILT

DEFENDANT ASKS FOR MERCY

On Being Arraigned, He Pleads Guilty to Eleven Indictments, and Is Given Five Years on Each Charge, From Which He Appeals.

Montgomery, Ala., June 25.—J. W. Pace, one of the wealthiest planters of Tallapoosa county, Ala., was found guilty of holding negroes in involuntary servitude and sentenced to five years in prison.

Mr. Pace was under eleven indictments and was found guilty under each indictment, but as he was sentenced to serve his punishments in all cases concurrently he will only suffer the single five-year penalty. This conviction was made because of the advanced age of the defendant and his feeble condition, it being represented that he might die before he reached prison.

Pleads Guilty.

When the cases were called, demurrers were filed in all of the cases and overruled. The defendant then pleaded guilty in all of the eleven cases. An appeal to the Circuit Court of Appeals at New Orleans, La., to make a test case was filed upon giving bond in the sum of \$5,000 in one of these cases. He was released from custody in the others.

Pace was charged with holding in peonage ten negroes. The negroes were treated cruelly on Pace's farm, many being brutally whipped. It is said that Owen Green, a negro, was whipped so severely that many bones in his body were broken and that his power of speech was interfered with.

Asks for Mercy.

When Mr. Pace made his statement to the judge he acknowledged that he was guilty. He said: "I plead guilty to the offenses and would like your honor to be merciful." The judge then asked him if he had anything to say why sentence should not be passed upon him, and he replied in the negative. The judge then sentenced him.

The pleading guilty of Mr. Pace practically means that the others indicted will more than likely do the same, as he was considered the principal defendant. After Mr. Pace made bond he left immediately for his home at Dadeville, Ala. The conspiracy cases against him were continued until the next term of the court.

Three Are Fined.

Macon, Ga., June 25.—In the United States court Judge Speer imposed a fine of \$1,000 each on three young men, William Shy, Arthur Clawson and Robert Turner, for holding a negro in involuntary servitude. He suspended the fine under conditions, and so doing the court said:

"In view of the fact that it is the first crime of this kind which ever occurred in Georgia, and because of the frank confession of the young men, sentence is imposed in order to convince the public that the purpose of the court is to warn and deter others from like crime. During good behavior fine is suspended upon payment of \$100 each."

Compel Servitude.

The offense was that the young men, who are farmers, caught a negro who had gotten in debt to them, gave him a whipping and made him go to work for them.

Judge Speer said that the problem of the times could not be solved by harsh measures, and wanted it distinctly understood that the laws of Georgia were against such treatment.

STAMPEDE TO THE GOLD FIELDS

Eight Hundred Acres Have Been Staked Out Near Valdez.

Seattle, Wash., June 25.—The first details of the new gold finds near Valdez were brought from the North by the steamer Excelsior, which has just arrived here. The discoveries are on Lowe river, twenty-three miles from Valdez, and already 800 acres of ground have been staked out. During the last few days before the Excelsior sailed there was quite a stampede to the new find.

Americans Were Guests.

London, June 25.—A number of Americans were present at the wedding of Miss Irene Helen Murray and Lieutenant Marshall Owen I. Roberts, son of Mrs. Ralph Vivian by her first husband, which took place at the Guards' chapel, Wellington Barracks.

No Men Allowed.

Cleveland, O., June 25.—An apartment house for women only is the latest in Cleveland. Men will be allowed to enter only to deliver goods. The building will probably be six stories in height and will be near Wilson avenue.

Will Write Big Mortgage.

New Orleans, La., June 25.—Charles S. Fairchild, president of the New York Security & Trust Company, who is now here, says his concern will handle the mortgage of \$175,000,000 on the Frisco railroad.

New Bank for Champaign.

Springfield, Ill., June 25.—A permit has been issued by the state auditor to organize the Trevett-Mattis Banking Company at Champaign. The capital stock is \$100,000.

Resemble the Indians.

Mr. Jochelson, chief of the Jessup North Pacific exploring expedition, states that the tribes which he studied in Siberia all possessed characteristics in common with the Indians of North America.

Lake Geneva
A strictly first-class personally conducted excursion to this beautiful resort Tuesday, June 30th, round-trip \$1.00. Leave Milton Junction 7:14 a. m., Janesville 7:40 a. m., arriving Lake Geneva 9:45 a. m., Williams Bay 10:00 a. m. Returning leave Williams Bay 5:40 p. m., Lake Geneva 6:00 p. m. For tickets and information apply to agent of the C. & N. W. Ry.

Very Low Excursion Rates to Boston

Very Low Rates to Atlanta, Ga.
Tickets will be sold July 5, 6 and 7, with final return limit by extension until Aug. 15 inclusive, on account of B. Y. P. U. Annual convention.

Low Rates to the East
Particular attention is called to low rates which have been made for the meeting of the National Educational Association at Boston next month. These round-trip excursion rates with liberal return limits are available at a time of the year when teachers students and others are making plans for summer vacations, and afford an excellent opportunity for a journey to one of the most interesting cities in the world, as well as reaching the seashore, and mountain resorts of New England.

Parties are being formed at various points in the west for the purpose of making this journey in congenial company. The officials of the Chicago and North-Western railway call the movement as now anticipated is very large.

SPECIAL EXCURSION RATES

Will be in effect from all points on the Chicago & North-Western Railway for the occasions named below:
Boston, July 6th to 10th, National Educational Association.
Saratoga Springs, N. Y., July 7th to 10th, Nobles of the Mystic Shrine.
Atlanta, Ga., July 9th to 12th, Baptist Young People's Union of America.
Denver, July 9th to 13th, United Society of Christian Endeavor.
Detroit, Mich., July 16th to 19th, International Epworth League.
Baltimore, Md., July 21st to 23rd, B. P. O. E.
San Francisco, August 17th to 22d, G. A. R. meeting.
Deadwood, S. D., Sept. 7th to 11th, International Mining congress.
Baltimore, Md., Sept. 21st to 26th, Sovereign Grand Lodge, I. O. O. F.
For information as to rates, dates of sale, etc., of these or other occasions, call upon the ticket agent of the Chicago & North-Western Line.

rates and tickets apply to ticket agents Chicago & North-Western R'y.

Special Reduced Excursion Rates
Will begin effect from all points on the Chicago & North-Western Railway for the occasions named below:

Modern Woodmen of America, Indianapolis, Ind., June 17th to 24th.

O'DEA HOLDS OWN
COUNSEL ON RACE

Newspaper Men Do Not Succeed in Pumping Coach of Badger Crew at Poughkeepsie.

Poughkeepsie, N. Y., June 25.—Considering the close proximity of race day there is a surprising scarcity of news about the various crews that are training on the river here. The inclement weather has undoubtedly something to do with it, but there is more than that. In the history of college boat racing there has never been so much secrecy maintained by coaches as to the condition or chances of their charges.

Courtney, usually willing to tell all about his crews, refused this evening to make known the figures of his time trial and it became known only by accident tonight that the Ithaca varsity eight covered the four miles in 19:05, far and away the fastest time made this season.

O'Dea of Wisconsin has made himself positively unpopular by refusing even an inkling of his crews and Ward is pursuing the same tactics, though on a less rigid scale. The practice tonight was commonplace.

Columbia's varsity and freshmen raced side by side in two miles, the seniors winning easily, though the freshmen showed improvement under the new stroke. Willard was tonight put in Taylor's place.

Pennsylvania's practice was of the lightest, as the Quakers, having finished the hard work, will rest on their oars until the hours of the race. O'Dea's men were given a brief coaching on starts and spurs and Syracuse paddled over the course at a stroke of thirty-six. Teneyck, the coach, says he looks for a good finish Saturday. Georgetown kept in quarters all the afternoon.

POPE RECEIVES
PUBLIC TODAY

Leo XIII Refuses to Regard His Growing Weakness, and Insists on Holding Consistory.

Rome, June 25.—The pope, while still suffering from persistent intestinal complaint and permitted to take only liquid nourishment, determined to hold a public consistory today. Dr. Laponi visits his holiness three daily.

In the throneroom at the vatican today surrounded by his whole court, Pope Leo, who looked much better than at Monday's consistory, imposed with great ceremony the red birettas on the new cardinals. Mgr. Nocella, Caviechioni, and Fischer, and congratulated them on the high honor they had attained.

Cardinal Nocella, in the name of his colleagues, thanked the pontiff in a brief speech, and then made a move to retire, but his holiness detained the new cardinals and insisted on having them in his private study, where he kept them in conversation for some time.

GENERAL RAILROAD NEWS

The Wisconsin Central road has announced that the \$8 rate between the twin cities and Chicago will be used as a basis for all excursion business to which a rate of one fare, one fare and one-third of one fare, plus \$2, applies, including homeseekers' rates. Other competing roads have followed suit.

The principal towns of the Kansas City branch of the Chicago Great Western will profit to a great extent by its new twelve-hour schedule. The time between Des Moines and Chicago will be shortened one hour and thirty minutes.

The executive officers of the Chicago-St. Paul lines, to whom the passenger rate trouble has been handed over, will hold a conference and a decision is expected in a short time.

The Milwaukee and the Omaha are the greatest losers by the Wisconsin Central's reduction and the other roads look to them for restoration of former rates.

Gross earnings of all railroads scheduled for June up to date are \$11,668,033, a gain of 5.8 per cent. over last year.

During May the railroads earned \$74,221,350, an increase of 12.1 per cent. over the same month last year.

Conductor J. McDonald returned this morning to his regular run.

E. Gilmore passenger conductor on the C. & N. W. left for his Chicago run today.

Fireman E. M. Gridley of the C. & N. W. is off duty for a day or so.

The Mystic Workers of the World have postponed their visit to Beloit until Thursday, July 16.

Madison Man's Novel

The Herbert Allen Stone Publishing company announce that at an early date they will issue a novel by Warden Allan Curtis of Madison, entitled "The Strange Adventures of Mr. Middleton." Mr. Curtis has contributed many articles and stories to newspapers and magazines and is both a vigorous and powerful writer. While this is his first novel to appear in book form he has written several charming short stories that have appeared from time to time in publications throughout the country. In the east he is far better known than at his immediate home and magazine reviewers have commented on many of his short stories in a most favorable manner. Mr. Curtis is a graduate of the state university and has many friends throughout the state who will be pleased to learn of his success. Relatives of his live in Janesville which adds local interest in his forthcoming volume.

VON PLEHWE COMES
OUT WITH DENIAL

Says of Report Concerning Governor
of Bessarabia, That Author-
ity Was Not Asked.

London, June 25.—Interior Minister Von Plehwe of Russia has sent a communication to Arnold White, the writer, relative to the allegation in the London Times that the former governor of Bessarabia telegraphed to M. Von Plehwe three times for permission to use force against the Kishineff rioters without receiving a reply. The minister declares General Von Raaben made no request whatever for such authorization, and says the only communication which passed between them was an urgent telegram sent April 7 by him to Governor Von Raaben forwarding the czar's instructions to immediately end the disturbances by any means at his disposal, no matter how harsh, and on the same date a dispatch sent by M. Von Plehwe wrote to Governor Von Raaben ordering the dismissal of the chief of police of Kishineff, and he followed this with a telegram informing Von Raaben of his own dismissal by the czar for his failure to maintain order.

Wisconsin's governor is popular in Kansas. Why shouldn't he be?
